## Govt to allow wheat export awaiting Customs clearance

**SHREYA NANDI** New Delhi, 17 May

ays after it banned wheat export, the commerce department on Tuesday said it was allowing out-bound shipments that had been handed bound shipments that had been handed over to the Customs for examination, and registered in their systems on or before May 13, thereby offering some "relaxation". The Directorate General of Foreign Trade DGFT), under the department, banned all types of what exports with immediate effect to salvage its falling inventories. The decision was taken to manage worked for the decision was taken to manage

overall food security in the country and support the needs of neighbouring couns, amid concern on inflation.

tries, smid concern on inflation, etc. The order came on May 18. The government has allowed a 61,800-tome shipment to sail from Kandla port to Egypt following a request from the African courty, an offield statement said. "M/s Mera International India, the wheat to Egypt, has given a representa-tion for completing the loading of 61,500 MT (metric tonne) of wheat, of which A4,300 MT had laredy been loaded and only 17,610 MT was left to be loaded. The government decided to permit the full consignment of 61,500 MT and allowed it to sail from Kandla to Egypt," the statement said. The government had said the ban statement said. The government had said the ban wouldn't apply in cases where prior com-mitments had been made by private trade through a letter of credit before May 13.

WHEAT EXPORTS (in mn tonnes) 0.22 0.21 0.32 FY19 FY20 FY21 FY22 FY18

This resulted in 1.8 million tomes of grain getting trapped at ports. According to a Reuters report, Chicago Wheat futures fell nearly 2 per cent after the commerce department's statement. The (May 13) order served three main the commerce department's statement. The (May 13) order served three main propose: ensure India's food security The most at2.41/2 a bushes 10 y0420 PM Indian Standard Time (IST). Addressing the media after issuing the notification of the wheat export ban, sen-eds of neighbouring and vulnerable countries adversely affected by sudden and were unable to get adequate supplies. Besides, the permission to export will

16 per cent since 2021 while commodity costs have increased by 30 per cent since December 2020. "There is still

December 2020. "There is still a gap of another 15 per cent which needs to be bridged. The industry will have to take price increases of about 3 per cent every quarter to pass on the rise in commodity costs," he said.

Even after the latest bounce

Even after the latest bounce, the benchmark gauges are down close to 5 per cent on a month-to-date basis. Headwinds such as the US Federal Reserve's decision to aggressively tighten monetary policy to curb inflationary pressures, China's strict Covid-management approach, and a imm in commodity.

Covid-management approach, and a jump in commodity prices due to global supply chain disruptions have sparked concerns about a slowdown in global growth. The latest boost to equities came after Shanghai. China's financial hub, reported no new local virus cases for a third straight day, triggering opti-mism that the government will

straight day, triggering opti-mism that the government will relax its punishing lockdowns. The economic cost of China's strict zero Covid policy had investors worried. Also, Chinaes Vice Premier Liu He's efforts to soothe internet-based businesses was received posi-tively by investors, triggering a ebarry ally in tech stocks.

tively by investors, triggering a sharp rally in tech stocks. "We expect the uncertainty and volatility to continue in the near term. Over the past few days, all intra-day recoveries are getting sold off, and various technical levels are getting bro-len, making the markets more nervous. The markets will con-tinue to remain influenced by incremental name flows related

shares on listing day, which adds to the downward pres-sure, they said. manufacturers have no option but to increase prices. In the case of air conditioners, 60 per

case of air conditioners, 60 per cent of the components are imported, while 20 per cent of the components of refrigera-tors are imported," said Kamal Mardi, executive vice president and business head, Godrei Appliances. We proportion of imported formorents is even higher in products like high-end televi-sions, mobiles devices, com-puters, and soon. Godrei Appli-ances, too, expects that the To align itself with the mar-ket conditions, the government had decided to lower its dilu-tion from the proposed 5 per cent to just 3.5 per cent. The Centre also drastically cut LIC's valuation from earlier estimates of 212 crillion to just 56 trillion. At last close, LIC's market value was 55.54 trillion — only slightly above its embedded value of 55.4 trillion as in September 2021. ances, too, expects that the weak rupee will force the sector

### Rupee...

weak rupee will force the sector to take another price hike in June. Nandi added that while a depreciating rupee means that imported components will cost more, the problem has arisen at a time when there is a shortage of components in the parked due to chipments on However, Braganza also said the government's production-linked incentive (PLI) scheme had helped companies set up facturist, which could import in the next two to three years. The other pain point has been the covid-induced lock-downs in China which has led to supply chain constraints. Braganza said that due to a shortage of components and the high demand for air condi-tioners in the summer months, market due to shipments not

market due to shipments not coming in from China. "Due to inflation, there are already signs that demand is softening. The current demand for cooling products is because of the ongoing heatwave. Once the monsoon arrives, there will be a drastic drop in demand," Nandi warned Nandi warned.

snortage of components and the high demand for air condi-tioners in the summer months, some of these products, espe-cially the five-star rated ACs. But perhaps the most sig-nificant recent impact on costs has been the decline of the rupee hit an intra-day low of ₹77.73 against the dollar. The rupe hit an intra-day low of ₹77.73 against the dollar of the omponent of imports in rusedsu (May 12). Given the high component of imports in consumer goods, a weakening rupe is bound to push up costs even more. And a weak rupee, along with rising crude oil prices, will add to the freight costs, which have also been going up in recent months. Nandi warned. Anul Lall, managing director and vice-chairman, Dixon Technologies, said, 'In our electronics manufacturing services (EMS) business, the volatility in commodity costs and currency is directly passed on to the customer." About 80 per cent of the company's busi-ness comes from EMS. ness comes from EMS

ness comes from EMS. The fall of the ruppe has also had an impact on the cost of televisions. "Due to the ruppe depreciation, we will have to raise prices," said Avneet Singh Marwah, chief executive offi-cer, Supper Plastronics, the brand licensee of Kodak, Thomson. Blaupunkt and Westinghouse in India. Morvah evalutioned that the going up in recent months. "As the rupee depreciates,

incremental news flows related Marwah explained that the arket has had to deal with to central bank actions, espe-cially the US Fed, and inflation-

mer durables companies ntinue to see margin prescontinue to see margin pres-sures. In its report on interim earnings of the March 2022 quarter, analysts at Motilal Oswal Securities (MOSL) said consumer durables are among the sectors that have been adversely affected by rising raw material prices. Some cubion bae, bouware come raw material prices. Some cushion has, however, come from low-cost inventories. Of the three companies that MOSL analysed, the report shows that Ebitda margins, which stood at 12.4 per cent in the March 2021 quarter, have fallen to 9.9 per cent in the March 2022 quarter. March 2022 quarter. Nandi of Godrej Appliances said companies have taken price hikes to the extent of 15-

The second expanded in the total contract to the second the second total second secon the ISS Metal index chimoing nearly 8 per cent on China opti-mism. Vedanta, Hindalco, and Tata Steel jumped 12 per cent, respectively. Experts said tech-nical factors propelled the mar-kets on Tuesday. "Markets witnessed a sharp elife fault on the secont elium

relief rally as the recent slumr relief rally as the recent slump had put key indices in an over-sold territory. Traders covered their short positions in several beaten-down stocks that pro-pelled key benchmarks. However, the rally could be short-lived as the unabated FPI selling coupled with concerns of further rate hikes to tame inflation may fuel valaritik." of inflation may fuel volatility," said Shrikant Chouhan, head of equity research (retail), Kotak Securities.
