AN OVERVIEW OF KEY HIGHLIGHTS OF OUR BUSINESS VERTICALS

Where Fashion Innovation Meets Opportunity

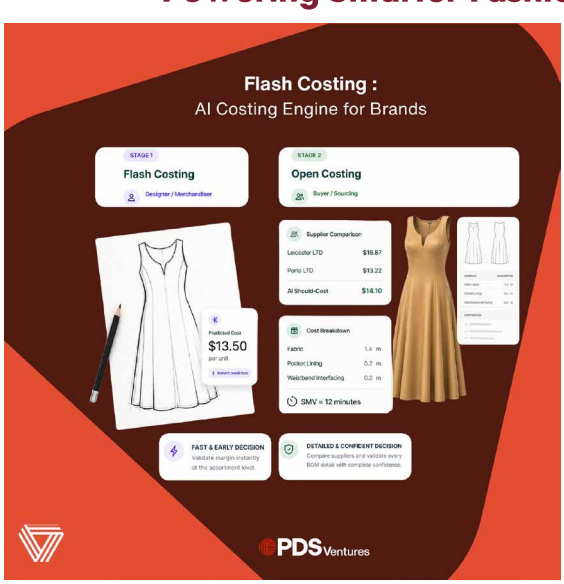

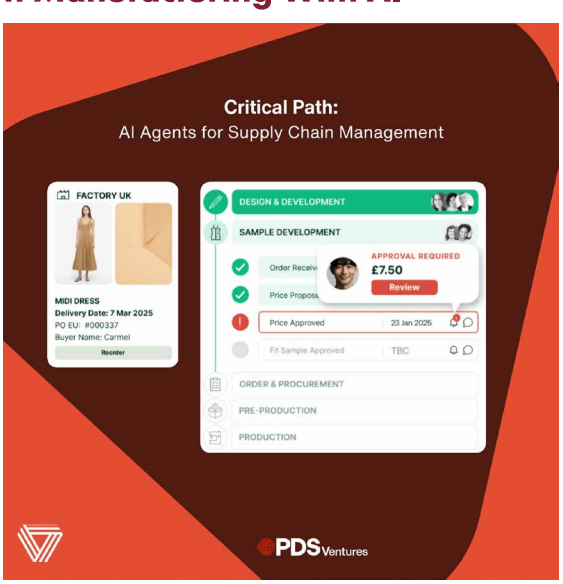

PDS Ventures participated in New York Climate Week's Innovation Day alongside Ralph Lauren, Fashion for Good and Global Fashion Agenda. PDS and PDS Ventures also hosted a dinner bringing together 20 industry leaders to foster meaningful connections and collaboration.

Powering Smarter Fashion Manufacturing With AI

Through AI-powered tools for costing, sourcing and supplier management, PDS Ventures-backed MannyAI is helping bring greater speed, accuracy and visibility to fashion manufacturing.

CASA Collective Launches Its Inaugural Leadership Development Program

The inaugural CASA Leadership Development Program in Hong Kong marked a step forward in leadership growth. Inspired by Great Place to Work survey feedback, the initiative reflects CASA Collective's commitment to developing stronger leaders.

Driving Innovation Through Technology

Techno Design GmbH continues to advance innovation across fashion and manufacturing, bringing technology and industry expertise together to shape what's next.

Collaboration That Drives Progress

Poeticgem 's Tesco Supplier Conference brought supply chain teams together to share perspectives, strengthen collaboration, and turn shared priorities into action.

Poeticgem Partnership for a Meaningful Cause

Poeticgem joined Boots UK and Macmillan Cancer Support for an evening dedicated to a meaningful cause, demonstrating how value chain partnerships can create a positive impact in the wider community.

NORLANKA

Norlanka's Digital-First Approach to Fashion

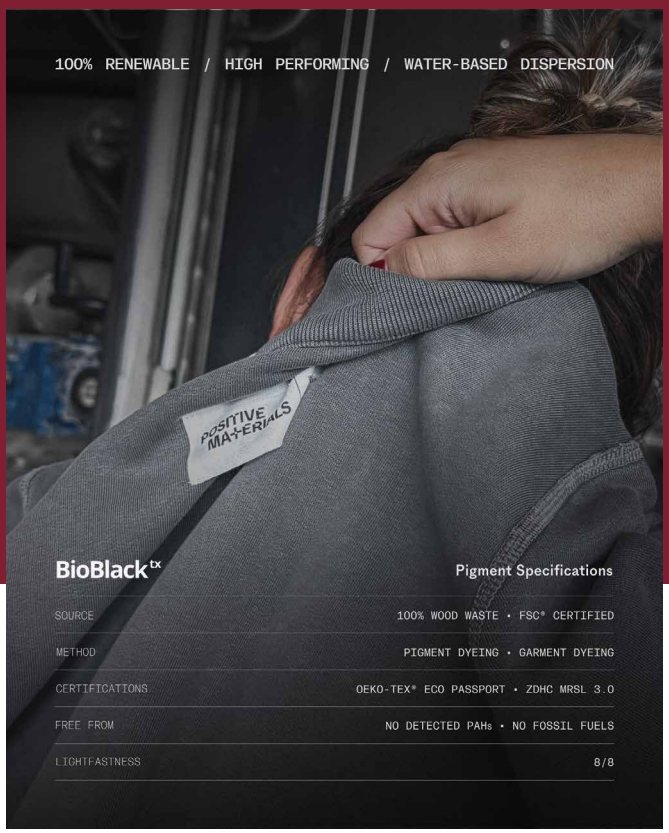

Norlanka continues to advance digital product creation, using 3D design and virtual fitting to accelerate product development, improve collaboration with global retail partners, and reduce material waste.

POSITIVE MATERIALS

Turning Material Innovation Into Practice

Positive Materials' Co-CEO & CTO Elsa Parente delivered a keynote at the VIENNA DESIGN WEEK Professional Breakfast, exploring how collaboration between design and industry can bring material innovation into practice.

POSITIVE MA+ERIALS

Rethinking Black Through Material Innovation

Positive Materials and Nature Coatings are advancing bio-based textile innovation through BioBlack TX, a pigment made from pre-consumer wood waste and tested across different fabric constructions for real-world garment applications.

POSITIVE MA+ERIALS

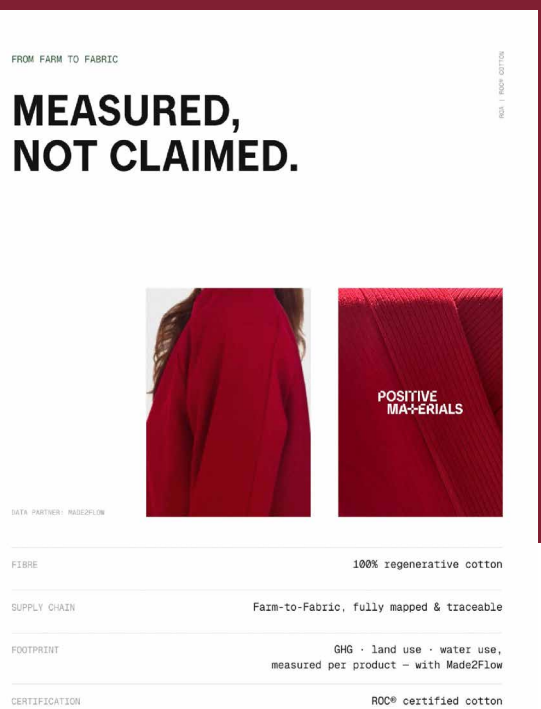

Giving Textile Waste a New Colour

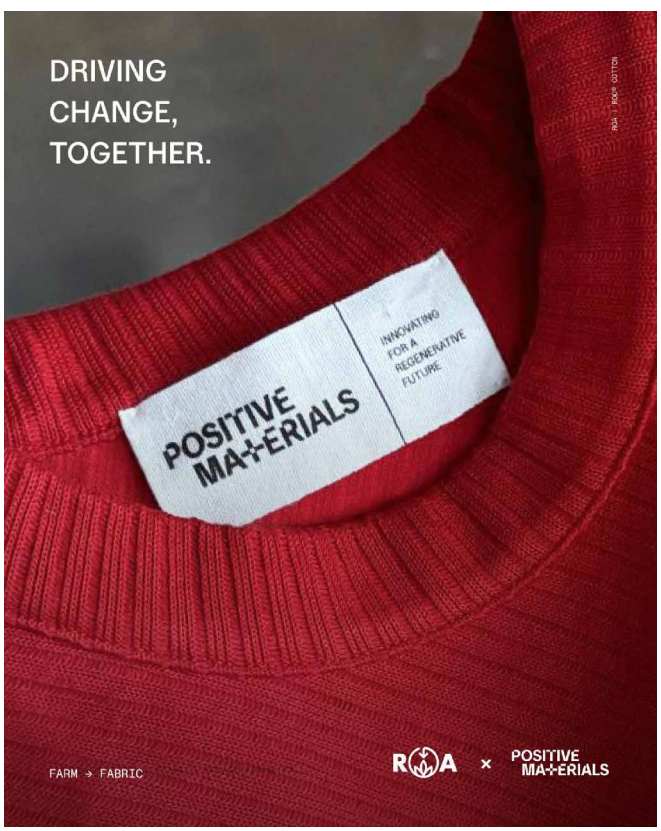

Positive Materials is exploring recycled pigment technology through OFFICINA39's RECYCROM Ready to Dye, transforming textile waste into colour for garment dyeing and offering brands a new way to reduce waste through existing materials.

Advancing Regenerative Cotton Farming

POSITIVE MATERIALS

Positive Materials sources Regenerative Organic Certified cotton through a traceable farm-to-fabric approach, supported by Made2Flow's environmental impact measurement to help brands make more informed sourcing decisions.

Designing Stronger Partnerships, Driving Customer Success

Design COE welcomed Kohl's leadership team to Bangladesh, showcasing its design capabilities, product innovation and manufacturing partnerships while strengthening customer relationships and collaboration.

Awards & Recognition

Spring Near East & Poeticgem Win at Tu Supplier Awards

A proud achievement for Spring Near East and Poetic Gem as they were honoured with the Category Performance Award at the Tu Clothing Supplier Awards.

Norlanka Wins Tesco Supplier's Award

Norlanka was honored with the 'Responsive Supplier' award at the Tesco Clothing Supplier Conference, recognizing our team's ownership, agility, and commitment during a challenging period for brands.

ESG

Shaping India's Next Chapter in Global Textiles

Our Group ESG Director, Paul Wright, shares how innovation, resilience and next-generation fibres can strengthen India's global sourcing position and drive sustainable industry growth.
